9. Statement of Significance
The “Statement of Significance” should explain why the person, place, event, or thing to be marked deserves recognition on an Ohio Historical Marker.

• Support all statements of fact with creditable sources.
• Document every fact in your “Statement of Significance” with footnotes or endnotes.
• Sources from the time of the topic being commemorated (primary sources) are strongly preferred over those that describe the topic years after the fact (secondary sources).
• Limit your statement to one or two typed 8.5 x 11 pages.

NOTE: The “Statement of Significance” must be typewritten on a separate sheet of paper and attached to this application.

10. Suggested Marker Text
Here is where you tell us what you would like your historical marker to say. All suggested marker texts are subject to revision at the discretion of the Ohio Historical Markers Program. Such editing may be done to ensure historical accuracy, to tighten meaning, or to bring the text into a uniform marker “voice.”

• DRAFT the historical marker text of between 90 to 125 words per side.
• The text must be historically accurate, informative, and concise.
• Document every fact in your “Suggested Marker Text” with footnotes or endnotes.
• Your footnotes and endnotes will NOT be included on the finished marker but will be held on file at the Ohio History Connection.
• Add a word count to the bottom of your page. Do not count the title or sponsor lines, but do count “continued on/from the other side” if planning two-sided text.

NOTE: The “Suggested Marker Text” must be typewritten on a separate sheet of paper and attached to this application.

11. Sources and Bibliography
The Ohio Historical Markers Program will carefully check every source you used in your research and writing of both the “Statement of Significance” and the “Suggested Marker Text.” Additionally, the program reserves the right to conduct their own research or ask for further information to be verified by the applicant.

• Please create a formal bibliography by listing all publications, manuscripts, or other references cited in your footnotes or endnotes and used during your research.
• For each reference, indicate the name of the author, the title of the source, its place and date of publication, and page numbers where information was found.
• If using a primary source, list as many details as possible, including the location of the original document to help us find it if necessary.
• Enclose two legible copies of any relevant pages from your sources that may help in the review of your statement and suggested text.
• If it is impractical to photocopy or scan the source, indicate where it may be found so that it may be consulted when this application is reviewed.
• The Ohio Historical Markers program must be able to access all sources cited.

**NOTE:** The “Bibliography” must be typewritten on a separate sheet of paper and attached to this application.

Applications missing sources and/or the bibliography will be returned as incomplete.

12. Tentative Dedication Date ________________________________

To help the marker program plan, what date do you hope to hold a marker dedication? Is it around a special event? **PLEASE NOTE** that markers take 2-3 months to fabricate AFTER text has been finalized and approved by both the marker program and sponsors. Few markers will be finalized before late spring or summer of the year following application.
